Genentech Scholarships for Oceanside Unified School District Science Teachers

Oceanside Unified School District Science Teachers (Elementary, Middle and High School) are invited to apply for one of three Genentech Science Teacher scholarships to attend this summer's 5-day Quantum Learning Teacher Training in Oceanside with your choice of dates.

Quantum Learning[®] Teacher Training

June 27–July 1, 2011
or July 25 – 29, 2011
8:30am to 3:30pm

QLN Campus
1938 Avenida del Oro
Oceanside, California 92056

More than 70,000 teachers have been trained in Quantum Learning methods since its school programs launched in 1991, in turn, impacting approximately five million students. Quantum Learning also trains teachers and students in the 8 Keys of Excellence, which create a common character foundation that connects everyone in the learning community.

Quantum Learning brings passion and fun back to teaching and is a research-based educational methodology with programs that empower teachers, students, administrators and parents to create a district culture of student engagement, positive behavior, teaching excellence and students with strong character taking responsibility for their learning.

Learn key strategies to increase student achievement:

- Learn how to use music in the classroom to enhance academic results
- Deliver effective presentations and elicit more participation
- Design dynamic lessons and implementation plans
- Create an engaging brain-compatible learning environment

Studies show after Quantum Learning:

- 100% reported being better teachers
- 88% take more risks in teaching
- 86% reported more meaningful connections with students
- 94% reported more awareness of students' learning styles and needs
- 83% reported raising their personal teaching standards
- 100% of teachers reported being more effective
- After Quantum Learning, students' test-taking skills increased 35%
- After Quantum Learning, students' grades increased by 35%

Requirements

Tell us why you should win the scholarships and include:

- What grade(s) and subject(s) do you teach and at what school?
- List your top five strengths as a teacher.
- List your top five opportunities for professional improvement (areas you could use coaching in).
- What are you most passionate about in Science that you want to pass on to your students?

Submit your application

Email your submission with the subject line "Science Teacher Scholarship" to eblair@learningforum.org.

**Please include your contact information including your summer email address and cell phone number.*

Deadline

Monday, May 16th, 2011

Award notifications

Friday, May 20th, 2011

Genentech

Scholarships are made possible by a grant from Genentech and Learning Forum International, a 501(c)(3) non-profit organization.

**Please direct your questions or comments to Erin Blair,
Executive Director of Learning Forum International.**
